MAYSVILLE PAPER PRAISES MA- JESTIC ROAD SHOW.

The Maysville Public Ledger, of
Tuesday pays a tribute to the vaude-
ville attraction, the Majestic Thea-
tre Road Show, which will be a fea-
ture at the Paris Grand next week.
The Ledger says, under the heading:
"Majestic Road Show Makes Big
Hit."

"The Majestic Theatre Road Show
under the capable management of M.
W. McQuigg, opened a two-days' en-
gagement at the Washington Theatre
last night to a good sized house.
Those who attended the opening per-
formance were surprised not only in
the quality of the acts but in the
quality of the entertainment all the
way through."

"Nat Ford, that funny little fel-
low, brought laughs from the audi-
ence which were not merely roars
but that in their sound plainly
showed that Nat had touched the au-
dience's funny bone."

"The Bennetts, the English John-
nie and the Scotch Lass, gave a high
class entertainment far above the or-
dinary and got a big hand, while
Jimmie Beard, the black face, was
all 'nigger' and made a real hit."

"Lesere & Lesere, aerialists, gave
a good program, Howard Preston,
the Jazz Boy, was good and the
Musical Munros were real musical
comedians. Da Pron's dancing re-
view was interesting and Nellie
Sterling, vocalist, was a very de-
lightful little singer."

"The show will be repeated this
evening and those who fail to see it
will miss the finest lot of vaudeville
entertainment Maysville has had in
some time."

BUTTER AND EGGS ARE TAKING TUMBLE.

Paris housekeepers will welcome
the statement which THE NEWS is
able to guarantee as reliable, to the
effect that butter and eggs, indispen-
sible in the daily bill-of-fare, are go-
ing down in the scale of prices.

The operating influences are the
mild open winter and conditions re-
sulting from the cessation of hostili-
ties among the warring nations in
Europe. Local produce dealers said
yesterday they were expecting a drop
in prices at any time. One prominent
dealer said yesterday that if present
weather continued eggs would prob-
ably go down from forty to thirty
cents a dozen. There has already
been a sharp decline in the price of
butter on the local market.

The sudden decline in the butter
prices is due to the release by the
Government of sixty per cent. of the
storage butter of the country which
was held for exportation, the ruling
of the Food Administration allowing
large butter dealers only a fixed
profit, no matter what the price of
butter was, and the mild winter.

For all of which, and for many
other favors, let us all be truly
thankful!

IT PAYS TO ADVERTISE

It pays to advertise, and especially
does it pay to advertise in THE
NEWS. This has been evidenced by
a number of instances. Just a few
days ago a prominent restaurant
firm advertised milk for sale. The
response was so ready and instanta-
neous that the proprietors sent THE
NEWS word to please discontinue
the advertisement, as their entire
supply had been taken by parties
who stated they had read the adver-
tisement in THE NEWS. Another
business man advertised for country
produce, buttermilk, etc. The day
after the advertisement appeared he
telephoned THE NEWS to discon-
tinue the advertisement, as he would
probably have to enlarge his store.
It pays to advertise—in THE NEWS,
because it brings results—and every-
body reads THE NEWS!
